PERSONAL INFORMATION

EUGENE J. RANKIN, Ph.D., ABPP/CN

Office: 6817 Southpoint Parkway, Suite 803
Jacksonville, Florida 32216-6282
Office: 904-281-0493
FAX: 904 281-0495
Eugene_rankin_phd@yahoo.com

Born: March 1, 1964, St. Louis, Missouri
Marital Status: Married, with two children
Citizenship: United States
Florida License #: PY 6386
Iowa License #: 00847, HSP # 00362 (inactive, 8/01)
Nebraska License #: 337 (inactive, 1/01)
Oklahoma License #: 703 (inactive, 1/95)

EDUCATION

2001 Diplomat in Clinical Neuropsychology
American Board of Professional Psychology

1992 - Postdoctoral Residency in Clinical Neuropsychology
1994 University of Oklahoma Health Sciences Center,
College of Medicine, Oklahoma City, Oklahoma

1991 - Clinical Psychology Internship Training Program
1992 Clinical Neuropsychology Specialty Tract
Veterans Administration Medical Center
Memphis, Tennessee (APA approved program)

1989 - Doctor of Philosophy
1992 Saint Louis University, Saint Louis, MO
Major: Clinical Psychology (APA approved program)

1986 - Master of Science (Research)
1989 Saint Louis University, Saint Louis, MO
Major: Clinical Psychology (APA approved program)

1986 Bachelor of Science (Magna Cum Laude)
Saint Louis University, Saint Louis, MO
Major: Psychology

HONORS AND AWARDS

Saint Louis University Dissertation Fellowship (1991-1992).
Barclay award for outstanding graduate student in Clinical Psychology,
Saint Louis University, Saint Louis, MO (April, 1991).

CLINICAL EXPERIENCE

01/04 - **PRIVATE PRACTICE**
Present

Eugene J. Rankin, Ph.D., ABPP, 6817 Southpoint Parkway, Suite 803,
Jacksonville, FL 32216-6282. 904-281-0493.
Clinical Activities: Full-time private practice with clinical responsibilities of
evaluating, treating and planning for neuropsychological services. Services included
brief and extended neuropsychological evaluations, individual psychotherapy, family
therapy, and behavioral interventions addressing emotional and behavioral sequelae of
CNS insults.

04/04 – **STAFF NEUROPSYCHOLOGIST**
09/05

Vericare, 4715 Viewridge Avenue, Suite 230, San Diego, CA 92123-1680.
1-800-257-8715.
Clinical Activities: Provision of psychological services to residents of select
Jacksonville Nursing Homes who are contracted with Vericare. Services include
provision of psychological diagnostic interviews, behavioral management, and
psychotherapy services. Part-time employment consisting of eight hours per week.

04/01- **CLINICAL NEUROPSYCHOLOGIST.**
02/05

Brooks Rehabilitation Hospital, 3599 University Blvd. South, Jacksonville,
FL 32216 (Clinical Director: Cynthia L. Beaulieu, Ph.D., ABPP/CN).
Clinical Activities: Full clinical responsibilities included evaluating, treating and
planning for neuropsychological services within the inpatient stroke and brain injury
rehabilitation program. Consultation and liaison with Associate Medical Directors
within each rehabilitative service team, as well as collaboration with community
referring physicians and rehabilitation personnel. Services included brief and extended
neuropsychological evaluations, individual psychotherapy, family therapy, and
behavioral interventions addressing emotional and behavioral sequelae of central
nervous system insults. Part-time employment after February 1, 2004 for one year.

10/98 - **CLINICAL NEUROPSYCHOLOGIST.**
04/01

Iowa Methodist Medical Center/Younger Rehabilitation Center, Department
of Neuropsychology, 1200 Pleasant Street, Des Moines, Iowa 50309-1453,
(Medical Director: Kurtis M. Hoppe, M.D.)

Clinical Activities: Full clinical responsibilities included evaluating, treating and planning for neuropsychological services within the acute and post-acute continua of the Central Iowa Health System.. Patients seen included individuals with various neuropathological conditions, including dementia's, delirium, cerebrovascular accidents, traumatic brain injury, neoplasm's, epilepsy, non-epileptic attack disorders, herpes encephalitis, Guillan-Barre' syndrome, orthopedic injuries, and spinal cord injuries, among others. Services included brief and extended neuropsychological evaluations, individual psychotherapy, family therapy, and behavioral interventions addressing emotional and behavioral sequelae of CNS insults.

11/96 -
10/98

NEUROPSYCHOLOGICAL CONSULTANT.

Goodwill Industries, Inc., 1111 South 41st Street, Omaha, NE 68105-1897,
(Director: Andrew Bradley)

Clinical Activities: Provision of neuropsychological consultation to staff members of the Head Injury Rehabilitation and Employment Program (H.I.R.E.), a comprehensive service designed to provide a continuum of vocational rehabilitation for survivors of traumatic brain injury.

9/94 -
9/98

CLINICAL NEUROPSYCHOLOGIST.

Alegent Health-Immanuel Rehabilitation Center, Department of
Neuropsychology, 6901 North 72nd Street, Omaha, NE 68122-1799, (Medical
Director: Thomas A. Franco, M.D.)

Clinical Activities: Full clinical responsibilities included provision of inpatient and outpatient neuropsychological services at Alegent Health Immanuel Rehabilitation Center. Patients seen included individuals with various neuropathological conditions, including dementia, delirium, cerebrovascular accidents, traumatic brain injury, neoplasm, epilepsy, non-epileptic attack disorders, herpes encephalitis, Guillan-Barre' syndrome, orthopedic injuries, and spinal cord injuries, among others. Services included brief and extended neuropsychological evaluations, individual psychotherapy, family therapy, and behavioral interventions addressing emotional and behavioral sequelae of CNS insults. Provided neuropsychological consultation to Alegent Health-Memory Diagnostic Center, a diagnostic outpatient center for the assessment of memory disorders in older adults.

9/92 -
9/94

POSTDOCTORAL RESIDENCY IN CLINICAL NEUROPSYCHOLOGY.

**University of Oklahoma Health Sciences Center, Department of Psychiatry
& Behavioral Sciences, College of Medicine, Oklahoma City, Oklahoma.**

Postdoctoral training in Clinical Neuropsychology, (conforms to INS/Division 40 of APA guidelines for specialty training in clinical neuropsychology).
(Supervisors: Russell L. Adams, Ph.D., ABPP/CN., Oscar A. Parsons, Ph.D., ABPP/CN., Herman E. Jones, Ph.D., James G. Scott, Ph.D., ABPP/CN., Kevin Krull, Ph.D, ABPP/CN.)

- 9/92 - University of Oklahoma Health Sciences Center, Neuropsychological Assessment
9/93 Laboratory, Department of Psychiatry and Behavioral Sciences.
Clinical Activities: Administration, scoring, and interpretation of neuropsychological test batteries to individuals exhibiting various neuropathological conditions including: dementia, traumatic brain injuries, toxic exposures, congenital CNS etiologies, forensic, chronic pain syndromes, epilepsy, learning disabilities, and transsexuals. Other clinical services included: feedback to patients and referral sources, and outpatient psychotherapy with individuals and families. In addition, developed, coordinated and maintained and on-going consultation service with the Organ Transplantation Surgical Team of Oklahoma Memorial Hospital. Services included neuropsychological and personality evaluations of individuals who were candidates for liver, kidney or heart transplantation.
Educational Activities: Didactic activities included participation in weekly seminars in Neurology, Neurosurgery, CNS autopsy, Psychiatry, Neuropsychology, and Case Conference presentations in Neuropsychology. Completion of the course, Medical Neuroanatomy, and Behavioral Neurology. Teaching responsibilities included supervision of psychology interns and presentation at the Neuropsychology Case Conferences.
Research Activities: Research activities included a literature review of the Rey Auditory Verbal Learning Test as a neuropsychological instrument, differentiating dementia versus depression with measures of memory functioning, and investigation of dementia using volumetric MRI technology.
- 9/93 - University of Oklahoma Health Sciences Center, O'Donoghue Rehabilitation Institute,
9/94 Department of Psychiatry and Behavioral Sciences.
Clinical Activities: Provision of inpatient and outpatient neuropsychological services at O'Donoghue Rehabilitation Institute. Patients seen included individuals with various neuropathological conditions, including dementia, delirium, cerebrovascular accidents, traumatic brain injury, neoplasm, epilepsy, non-epileptic attack disorders, herpes encephalitis, Guillan-Barre' syndrome, orthopedic injuries, and spinal cord injuries, among others. Services included brief and extended neuropsychological evaluations, individual psychotherapy, family therapy, and behavioral interventions addressing emotional and behavioral sequelae of CNS insults. Continuation of work with the Organ Transplantation Surgical Team of Oklahoma Memorial Hospital. Completion of rotation in child neuropsychology.
Educational Activities: Didactic activities included weekly seminars in Neurology, Neurosurgery, CNS autopsy, Psychiatry, and Neuropsychology, and Case Conference presentations in Neuropsychology. Completed a Neurology Clerkship with fourth year medical students sponsored by the Department of Neurology. Teaching responsibilities included supervision of psychology interns, and presentations at the Neuropsychology Case Conferences.
Research Activities: Research activities included cognitive activation studies involving SPECT and volumetric MRI technologies, determination of factors associated with treatment compliance among individuals who are candidates for liver or heart transplantation, and evaluation of a new measure for assessing remote memory among closed head injured patients.
- 9/91 - **CLINICAL PSYCHOLOGY INTERN, NEUROPSYCHOLOGY**
8/92 **SPECIALTY TRACT.**

Veterans Administration Medical Center, Psychology Service (116B), Memphis, Tennessee. (Supervisors: Robert L. Pusakulich, Ph.D., ABPP/CN, Bruce Hermann, Ph.D., ABPP/CN., W. Kent Cox, Ph.D., Eric Theiner, Ph.D.).

Clinical Activities: APA approved internship including adult inpatient and outpatient experiences. Rotations in Biofeedback, inpatient psychiatry, spinal cord injury unit, outpatient psychotherapy, and epileptology completed. Services rendered included: intake interviews, intellectual-personality assessments, various long- and short-term psychotherapeutic interventions, couples therapy, family therapy, and inpatient group therapy. In addition, one-half of the internship was devoted to specialty training in Clinical Neuropsychology.

8/86 - **CLINICAL FELLOW.**
9/91

Saint Louis University, Psychological Services Center, Department of Psychology, Saint Louis, MO (Supervisors: J. Thomas Grisso, Ph.D., ABPP., Harvey R. Austrin, Ph.D., ABPP., Frank H. Gilner, Ph.D., ABPP., James C. Sorensen, Ph.D., Lauren S. Becker, Ph.D., Paul J. Handal, Ph.D.)

Full clinical responsibility for psychological services rendered to children, adolescents, and adults. Presenting problems ranged from mild problems in living to psychoses, including working with children and families where abuse and neglect are known to be involved. Services included: intake interviews, educational-intellectual-personality assessments with both objective and projective instruments, various long and short-term therapy strategies, consultation, and supervision of less advanced students.

5/88 - **NEUROPSYCHOLOGY EXAMINER.**
8/91

Saint Louis University Medical Center, Neuropsychology Laboratory, St. Louis, MO (Supervisor: Jeffrey D. Gfeller, Ph.D.).

Administered neuropsychological assessment batteries to children, adolescents, adults, and elderly exhibiting various neuropathological conditions. Also performed psychological evaluations of inpatients presenting with a diverse array of psychopathology.

ADMINISTRATIVE EXPERIENCE

04/99 - **PROGRAM SURVEYOR, MEDICAL REHABILITATION**
06/03

CARF . . . The Rehabilitation Accreditation Commission, 4891 East Grant Road, Tucson, AZ 85712. (National Director: Chris MacDonnell).

Responsible for reviewing policies, procedures and operations of organizations engaged in medical rehabilitation to ensure conformance with CARF medical rehabilitation standards for quality of care. CARF is a not-for-profit private international standards-setting and accrediting body for organizations serving people with disabilities and others in need of rehabilitation. Typically part of a multi-person team, this process takes a consultative approach that centers on enhancing the lives of the persons served.

10/98 - **DIRECTOR, DEPARTMENT OF NEUROPSYCHOLOGY.**
04/01

Iowa Methodist Medical Center/Younger Rehabilitation Center, Department of Neuropsychology, 1200 Pleasant Street, Des Moines, Iowa 50309-1453. (Medical Director: Kurtis M. Hoppe, M.D.)

Responsible for organization, implementation, and service delivery for the Department of Neuropsychology at Younker Rehabilitation Center. These responsibilities included ensuring compliance with all federal, state, and local regulations, JCAHO, CARF and NCQA accrediting agencies as well as APA ethical standards, strategic development, continual participation in performance improvement, quality outcome assurance, and risk management efforts. Also responsible for supervision of psychologist, social workers, and psychometricians.

9/94 - **MANAGER, DEPARTMENT OF NEUROPSYCHOLOGY.**
9/98

Alegent Health-Immanuel Rehabilitation Center, Department of Neuropsychology, 6901 North 72nd Street, Omaha, NE 68122-1799. (Medical Director: Thomas A. Franco, M.D.)

Responsible for organization, implementation, and service delivery for the Department of Neuropsychology at Immanuel Rehabilitation Center. Duties included hiring and management of personnel, quality assurance, utilization review, budgetary management, and other duties as assigned.

9/89 - **ASSISTANT TO THE DIRECTOR OF CLINICAL TRAINING.**
8/91

Saint Louis University, Psychological Services Center, Department of Psychology, St. Louis, MO (Director: Paul J. Handal, Ph.D.).

Responsible for the assignment of outpatient psychotherapy and assessment cases to 30 clinical psychology graduate students. Also involved in program administration and evaluation (250 hours).

TEACHING EXPERIENCE

6/96 - **ADJUNCT ASSISTANT CLINICAL PROFESSOR.**
9/98

Clinical Psychology Training Program, Department of Psychology, University of Nebraska-Lincoln, Lincoln, Nebraska

Clinical supervision of Clinical Psychology graduate students from the Clinical Psychology Training Program at the University of Nebraska-Lincoln, who had practicum externship placement at the Department of Neuropsychology at Alegent Health-Immanuel Rehabilitation Center.
